HOME BUILDERS ARE PREDICTING A GOOD AND PROSPEROUS FALL

Building Movement Under Way In Phoenix. Homebuilders Have Many Contracts. New Plans Drawn

One of the busiest concerns in the city is the Home Builders. They have more work under way, more in sight and are drawing plans for more than for any period in the last twelve months.

They are constructing three substantial homes for well known business men in Mesa, and have contracts for two more on which work will begin at once. These five contracts will approximate \$15,000. A pretty bungalow is being built on the corner of 8th Street and Willetta for Chas. Urban.

Plans are now being drawn for work to the amount of \$25,000. Greene & Griffin look for a busy fall and winter in building and real estate in general. At present there are the usual number of vacant houses due to normal summer conditions, but with the large travel west this year there is no question of a rapid change by fall.

Less houses have been built this past year than is usual and the natural increase in population along with western travel will create a surprising situation in Phoenix this winter. The renting season begins earlier than in former years. Now a strong demand is experienced in August which by the middle of September has absorbed the bulk of the really desirable unfurnished houses. The call for furnished houses follows.

Now that building has started, it will increase and the houses finished early in the fall will help to take care of the tourists who will be here in larger numbers than ever. All railroad bookings indicate that the west will be toured as never before in its history.

HERE FROM GLOBE—County Treasurer M. Lyons of Gila county was a statehouse visitor yesterday.

CAN ISSUE BONDS—The corporation commission yesterday granted the application of the Pacific Gas and Electric company for permission to issue bonds to the amount of \$30,000 to cover the expense of recent improvements and extensions.

REQUISITION GRANTED—Gov. Hunt yesterday honored the requisition of the governor of Nevada for the return to that state of James Lyles, under arrest at Tucson. Lyles is an escaped convict from the Nevada state prison at Carson City.

NEW BOY—Mrs. C. C. Hall of 2526 West Adams street, are rejoicing over the arrival of a son, born yesterday. The young man, who is the second son, weighs 16 pounds and has already been named after his uncle, Tom Hall. Both mother and son are doing well.

ON LAUNCHING COMMISSION—Gov. Hunt yesterday appointed James Francis Brown of New York city, J. O. George of Douglas and Hon. W. T. Smith of this city, members of the commission to attending the launching of the battleship Arizona. James Francis Brown is the New York artist who painted Gov. Hunt's portrait.

CAN GO AHEAD—Permission to dispose of stock in the amount of \$675,000 for the purpose of building the new railroad south from 124th Bend to the new mining town of Cornelia, near Ajo, will be granted the Tucson, Cornelia and Gila Bend railroad company as the result of a hearing held yesterday before the corporation commission. The actual work of construction will begin July 1.

DR. PALMER NOT GOING—Dr. E. Payne Palmer will not be one of the party going east to attend the launching of the battleship Arizona. His name had been included in the list of those who were to leave this city on the special car. Mrs. Palmer will be of the party as far as Chicago, where she will proceed with her children to Dayton, Ohio, to spend the summer visiting relatives. But Dr. Palmer finds the exigencies of his practice such at this time that he is unable to make the trip.

RECEIVES SAD NEWS—Mrs. Ed L. Shaw received telegram yesterday announcing that her brother, Samuel D. Guernsey, one of the best known mining engineers of the southwest had been killed in an explosion in a mine at Nevada City, Cal. Details were lacking. Mrs. Shaw expects to leave tonight for California. Mr. Guernsey was a graduate of the University of Washington, where he had law and civil engineering courses. Soon after graduation he engaged in mining and in the perfecting of certain mining machinery. He operated extensively in Yuma and other counties of Arizona, as well as in California. About four years ago he came to Phoenix and for a short time engaged in ranching taking charge for the Shaw ranch. A year later he returned to California.

LOSES APPEAL FROM LIFE SENTENCE IN THE SUPREME COURT

David P. Roberts, sentenced for life for the murder of Con Sullivan, lost his case on appeal yesterday, when the supreme court handed down a decision affirming the judgment of the superior court of Gila county, in which Roberts was convicted. Sullivan was killed in 1909 in Graham county, and the case was tried in the Gila county court on a charge of venue.

Other cases in which the decision of the lower courts were affirmed yesterday were: John W. Paulmer, appellant, vs. the board of supervisors of Gila county, appellants, and the case of the Leadville Mining company vs. George E. Hemphill, as appellant from the superior court of Cochise county. The action concerned rights in the Turquoise mining district. Judge Cunningham specially concurred.

The supreme court yesterday denied motions for rehearing in the following cases:

1434—H. C. Merrell vs. the City of Phoenix.
1433—R. R. Earhart, treasurer, vs. Frank Powers et al.
1414—Town of Tempe vs. C. A. Corbell.

1425—J. R. Broughton vs. Pierpont Junior.

1412—T. R. Brandt vs. W. K. Meade.

1415—H. J. Edwards vs. Dealers Ice & Cold Storage Company.

In the case of A. Joseph Schwartz vs. the Provident Mutual Building & Loan Association, the exceptions to the cost bill were allowed in the sum of \$72.80.

BAND CONCERT—The First Regiment Band will give two concerts at Riverside Park today. The first at 2:30 this afternoon and the second at 6:30 this evening.

WHO IS LOUIS HORTON—A letter has been received by Chief of Police Brishois addressed to Louis Horton. The chief knows no person of that name and accordingly is unable to deliver the letter.

FUNERAL OF MARY KERR—The funeral of Mary Kerr, who died at the family residence Woodland avenue on Friday, will be held from the Whitney undertaking chapel on Monday morning at 10:30 o'clock. Rev. Ray C. Harber will officiate and interment will be in Greenwood cemetery.

UNDELIVERED TELEGRAMS

There are undelivered telegrams at the Western Union Telegraph office for the following: Lester Olson, Richard Warren, J. R. Brown, J. S. Douglas, Ralph Sturgis, E. Troutner, B. M. Atwood, Clarence L. Standage, Fred Peterson, Archie Lewis, and J. J. MacAleer.

GRANT EXONERATED—L. R. Grant, who was charged with keeping a horse, not his own, was exonerated in Justice of the Peace DeSouza's court. It was shown that he entered into the contract to purchase the horse in good will, and with honorable intentions. The court sustained his side of the story.

HIKERS RETURN—The party of boy hikers from the Y. M. C. A. under the watchful eyes of Messrs Boardman and Turner, returned yesterday from a twelve day journey on foot and otherwise to Roosevelt and return. Every one of the boys was in the best of health, sorry the trip was so soon over, and ready to start again at the drop of the hat.

CAN LICK WHEEL THIEF—Albert Sanders, aged about eleven and small for his age, says he can lick the guy who swiped his bike. It was the only bike he had, and when he left it out in front of the Plaza, he meant to use it some more that same evening. The wheel is a Savage with a double handlebar, and bears the number 65146. A reward will be paid, however, for its return to 743 East Portland.

GOIN' FISHIN'—Tonight at sundown the Amnias Club will be augmented with two new members when Dave Mercer, of No. 2 fire company and Rodwick Walker return from Granite Reef. These two unsophisticated nimrods will start out at daylight on a motorcycle and expect to start fishing not later than six o'clock. When they have captured all the stray fish below the dam, they are going to have the gates opened and are going after all the fish that come through or that remain above the barrier. Hereafter there will be no use of anybody going to Granite Reef in the expectation of securing any fish. This will be sad news to those amateur fishermen who heretofore have found pleasure in going to the reef and bringing back 100 or 200 measly pounds of fish as the result of a day's hard work.

HOMESTEAD PATENTS—Homestead patents were received at the office of Register Weedlin of the United States land office yesterday for the following: Marion P. Alexander, Effie M. Bachman, A. L. Alexander, Etta Richards, E. E. Davis, John Henry Thomas, E. Moreno, A. A. Pailay, Jasper Horton, Pablo Rodriguez, C. Ramsett, John Wilson, G. R. Hutchinson, W. S. Bibb, J. P. Steele, W. K. Morrow, M. Samuel, Margaret E. Schlotes, N. A. Darnell, T. G. Cox, Hans Weaver, M. W. Aiken, J. P. Coates, E. J. Jones, N. M. Gabeau, J. M. Gabeau, Jno. F. Collins, G. N. Fitch, R. F. Chapman, Hattie Weaver, Jno. Scribner, Lillian Wakefield, C. A. Johnson, A. R. Roland, Jeff Carmikel, E. L. Hildebrand, M. S. Taylor, Z. T. Ingie, Max Gehlen, Hugo Huttman, W. S. Taylor, Thos. POETIC JUSTICE

A Pennsylvania farmer who undertook to "discharge" his elderly sister, who had worked as housekeeper and general help for eleven years, is mulcted almost \$2,000 by a jury in back pay. That is almost poetic justice, a very rare thing in American courts.

Mrs. Phatpurs—Percy Bargroot married? Taken in by a designing parlor maid? How shocking! Mrs. Stuford—Deserves it. I say. Ought to have looked up her references before he hired her.—Judge.
